03. Footnote for uncertain tax position under FIN 48 (Part X)

End Hunger is subject to income taxes on unrelated business income, as defined by the Internal Revenue Service. During the year then ended, End Hunger had no taxable unrelated business income, and accordingly, no provision for income taxes is required in the accompanying financial statements.

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, End Hunger may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position.

Examples of tax positions include the tax-exempt status of End Hunger and various positions related to the potential sources of unrelated business taxable income (UBIT). The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no unrecognized tax benefits identified or recorded as liabilities for the year.

End Hunger's policy would be to recognize interest and penalties, if any, on tax positions related to its unrecognized tax benefits in income tax expense in the financial statements. No interest and
